

A FAMILY PROJECT YOU CAN DO AT HOME
FROM GARY AND VAL IN THE FAITH ZONE

Make your own
Dipped Pretze

What you need:

Pretzel sticks or pretzel rods
Vanilla or chocolate chips
Candy sprinkles

CROSSES

During this Lenten season, this family project reminds us of the cross Jesus died on. It also brings us together as a family and allows us to be thankful for our families.

For each cross, you will need two pretzel sticks or rods. Break one of them to make a shorter cross beam.

Melt chips in the microwave or in a double boiler according to directions on the package.

Dip one end of the longer pretzel into the melted chips and place on a piece of foil. Now dip the shorter pretzel into the liquid and place on top of the long pretzel to form a cross.

Before the liquid has a chance to harden, decorate with candy sprinkles.

Enjoy

Dear Faith Zone Families:

We miss each and every one of you during this time of separation and look forward to being together again. In the meantime, stay safe and enjoy these activities as a family.

Gary and Val
